

FDA has provided the following *V.p.* recall notification to ISSC:

FDA received notification from the Canadian Food Inspection Agency (CFIA) on 8/24 of a recall of oysters due to *Vibrio parahaemolyticus*. The States of Maine, Massachusetts, New York, and Pennsylvania received product associated with this recall. The CFIA is sharing with FDA information regarding the specific US dealers/retailers in those states and FDA is notifying the shellfish control authorities in those states to ensure that the product is captured under the recall.
