 - (e) Hand washing signs in a language understood by the employees; [O]
- (4) Sewage [C] and liquid...

Public Health Significance	Current Model Ordinance language in Chapters XI-XV .02 C. Prevention of Cross Contamination, requires that employees wash their hands thoroughly with soap and water and sanitize their hands in an adequate handwashing facility. Currently D. Maintenance of Hand Washing, Hand Sanitizing and Toilet Facilities addresses an adequate supply of hand cleaning soap or detergent, but does not address an adequate supply of hand sanitizer. Adding the new language in will make current language more consistent and enforceable by State inspectors.
Cost Information	Minimal cost.
