Charges

Charge 1: Proposal 13-212 Shellstock Identification Requirements for Wet Stored Shellfish

Findings:

The requested Model Ordinance language change would not address the industry complaint's concern with alleged practices in Canada.

Conclusions:

There is no need for any revisions to the Model Ordinance.

Recommendations:

No action on Proposal 13-212. Recommend the ISSC Executive Director contact the industry complainant and forward the information to the FDA for investigation.
