8. Fax	(803) 788-7576
9. Email	issc@issc.org
10. Proposal Subject	Delete Notification Requirement to Pollution Control Agencies
11. Specific Nssp Guide Reference	Section II Model Ordinance Chapter IV Shellstock Growing Areas @.01
12. Text of Proposal/ Requested Action	<p>@.01 Sanitary Survey</p> <p>A. General.</p> <p>(1) The sanitary survey is the written evaluation report of all environmental factors, including actual and potential pollution sources, which have a bearing on water quality in a shellfish growing area. The sanitary survey shall include the data and results of:</p> <p>(a) A shoreline survey;</p> <p>(b) A survey of the microbiological quality of the water. In growing areas adjacent to waste water system discharge (WWSD)s the Authority may utilize male specific coliphage (MSC) results from analysis of shellfish meat samples and the analysis of the data will be included in the sanitary survey report;</p> <p>(c) An evaluation of the effect of any meteorological, hydrodynamic, and geographic characteristics on the growing area; and</p> <p>(d) A determination of the appropriate growing area classification.</p> <p>(2) The sanitary survey shall be periodically updated through the triennial reevaluation and the annual review in accordance with Section C. to assure that data are current and that conditions are unchanged.</p> <p>(3) The documentation supporting each sanitary survey shall be maintained by the Authority. For each growing area, the central file shall include all data, results, and analyses from:</p> <p>(a) The sanitary survey;</p> <p>(b) The triennial reevaluation; and</p> <p>(c) The annual review.</p> <p>(4) Wherever possible, the Authority shall provide the necessary information to Federal, State, or local agencies which have the responsibility to minimize or eliminate pollution sources identified in the sanitary survey.</p> <p>(5)<u>(4)</u> The Authority shall maintain a current comprehensive, itemized list of all growing areas, including maps showing the boundaries and classification of each shellstock growing area.</p>
13. Public Health Significance	This requirement does not have public health significance.
