## MEMORANDUM

TO: *Vibrio vulnificus* Education Subcommittee Members

FROM: Ken B. Moore, Executive Director *Ken B. Moore*

DATE: January 23, 2006

RE: 2006-2007 Committee Charges

This is to confirm your appointment by the ISSC Executive Board Chairman to the 2006-2007 *Vibrio vulnificus* Education Subcommittee. Since 1996, the ISSC has prepared and received grants from the USFDA, NOAA and the EPA Gulf of Mexico Program to develop and implement an education initiative addressing *Vibrio vulnificus* illnesses associated with consumption of raw molluscan shellfish by the at-risk population. These grants state that the Vibrio Management Committee and its subcommittees shall provide guidance and oversight for the project. Specific charges to the VMC were outlined in Proposal 00-201.

The charges listed below have been delegated to the *Vibrio vulnificus* Education Subcommittee. The VMC will work closely with the Subcommittee to accomplish these tasks. A meeting of the Vv Education Subcommittee will be scheduled in conjunction with the Executive Board Meeting that will be held in Salt Lake City, Utah in April 2006 (details to be furnished at a later date). We are also planning a Vv Education Workshop in conjunction with the April meeting. The purpose of the workshop is to share Vv education information with those involved in funding or implementing Vv education programs.

1. Submit a detailed report to the VMC on education activities twice yearly.
2. Provide guidance to the ISSC Executive Director's in seeking funds for and conducting subsequent education surveys to evaluate Vv education efforts.
3. Continue providing review and comments on educational materials being developed by the ISSC.

Thank you for your interest and support of the ISSC and I look forward to working with you. You will be contacted soon by your Subcommittee Chairman. If you are unable to accept this appointment, please contact me at 803-788-7559 or by e-mail at [issc@issc.org](mailto:issc@issc.org).
