MEMORANDUM

TO: *Vibrio vulnificus* (Vv) Plan Evaluation Committee Members

FROM: Ken B. Moore, Executive Director *Ken B. Moore*

DATE: April 12, 2012

RE: 2012-2013 Committee Charges

This letter is to confirm your appointment by the Conference Chairman to the 2012 - 2013 *Vibrio vulnificus* (Vv) Plan Evaluation Committee. Mike Hickey will serve as Committee Chair.

The Vv Plan Evaluation Committee is assigned the following task for 2012-2013:

Assist FDA in addressing concerns outlined in the FDA response to Proposal 11-201 Part A in the 2011 ISSC Summary of Actions. The Committee is specifically requested to work with the FDA to develop State evaluation criteria as follows:

- a. Evaluation criteria for determining proper and effective use of the Vv calculator;
- b. Evaluation criteria for determining State Vv Control Plan compliance with NSSP requirements;
- c. Evaluation criteria for determining the effectiveness of State regulatory efforts to ensure industry compliance with State Vv Control Plan requirements;
- d. A formula for calculating State compliance with risk per serving standards; and
- e. Actions and sanctions should a State be found out of compliance. In this regard FDA envisions that the established ISSC noncompliance process would be followed, which could result in advising receiving States of issues of noncompliance and recommending that shipments of oysters intended for raw consumption from non-compliant States not be accepted.

If you are unable to participate in the activities of this Committee, please contact us at 803-788-7559 or issc@issc.org. Thank you for your interest and support of the ISSC and we look forward to working with you. Your Committee Chairperson will be contacting you soon.
