State of Washington Oyster Recall

All oysters are associated originally with the DD Denotta company WA 1373 SS. A particular area was not implicated. The product implicated in the illnesses was handled by one shipper. All of their product goes through the following five dealers/distributors: Pacific Seafood Clackamas OR 706 SS, Pacific Seafood Mukilteo WA 0221 SS, Pacific Seafood Sacramento CA 375 SS, Penn Cove WA 0337 SS, and LusAmerica Fife WA 1602 SS.

The States receiving product in addition to Washington has grown substantially, however, many of these states received small amounts going directly to a restaurant from one of the main dealers above such as Penn Cove: Arizona, Oregon, California, Colorado, Florida, Hawaii, Georgia, Illinois, Kentucky, Minnesota, Missouri, Nevada, New York, Nebraska, Michigan, Ohio, Pennsylvania, Massachusetts, and Tennessee. Since information just received added more states we are in the process of contacting each of the newly added states.

In addition to the dealers listed above (and there will probably be additions to this list):
- Imperial Seafood and Shellfish OH 018 SS
- Pangea Shellfish MA 9169 SS
