9. Proposal Subject	Land Based Processing Facility for Land Based Aquaculture on processing and Handling
10. Specific NSSP Guide Reference	Chapter VI. Shellfish Aquaculture-New Section .08
11. Text of Proposal/ Requested Action	Chapter VI. .08 Aquaculture Processing
12. Public Health Significance	Any Shellstock Shipper who processes, handles, sorts, packages, labels, and/or ships shellstock on the land shall meet all the requirements in Sections IX and X. This will assure the sanitary requirements meet common sense, good manufacturing practices and meets the NSSP Model Ordinance. For those certified shellstock shippers that only have a certified refrigerated truck that is used to ship shellstock that has been packaged and labeled on the vessel by the harvester/dealer to a processor or to the market is not required to follow Sections IX and X. Consequently, the SSA shall determine, based on the evaluation of the individual characteristics of the operation, so that the sanitary control measures meet these standards to assure consumers will only receive wholesome raw shellfish suitable for raw consumption.
13. Cost Information	N/A
14. Changes Needed to Guidance (if proposed change is adopted)	Yes
